

### The Club Members

The Club was founded in 2010 by seventy international arbitration practitioners. Among its members are distinguished retired state and federal judges, prominent attorneys and arbitrators, internationally known academicians, and senior executives of arbitral organizations. All of its members are committed to international arbitration, and have written and presented on many topics relating to international investment and commercial arbitration. Membership is by invitation only.

At their monthly meetings, they seek to facilitate the exchange of information and views on various topics of international arbitration. The speakers are members of the Club, or guests from outside the Club's membership.

From time to time the members undertake studies resulting in the production of papers and may take public positions with respect to matters affecting international arbitration.

The Club may, upon request, also provide assistance of an advisory or editorial nature to law reviews or other publications or journals in the field of international arbitration.
